About Me

Hi! I am Mohammad Asif. I live in Dhaka, Bangladesh. I'm a web developer and designer, I can focus on creating great web experiences. Designing and coding have been my passion since the day I started working with computers. I enjoy creating beautifully designed, intuitive and functional websites. For the past 2 years, I have been working on web development and web design. So, I hope I will be able to work for you.

Objective

I want to get a position in a company as a highly motivated web developer, where I can use my skills and knowledge to learn new things and grow as a web developer. I want to see myself as an excellent team player and have a positive attitude toward personal and organizational goals.
